COMMITTEE/MEMBER General Accounting Office
SUBJECT Nazi War Criminals Investigation (in re House Judiciary Request
ACTION OFFICER 25X1

SUMMARY: absence, I am taking calls on this investigation) 25X1

Mr. Tipton advised that I&NS had located file on --one of the names submitted to us. I&NS said he was one of the 100 persons. However, material in that file originated with CIA and Mr. Tipton wanted us to contact Mr. Frank Farrell of I&NS Telephone: 633-2981 and give permission for GAO to review same. 25X1

I apologized that we could not do that since material was covered by the "Third Agency" rule which we had discussed previously. In addition, since the MOU has not yet been signed, we could not proceed with supplying documents, etc. In addition, we would need signed Non-Disclosure Agreements from those involved.

Mr. Tipton agreed with my views on the matter and said he believed the MOU would be signed this week and would send it along for CIA to sign. The Non-Disclosure Agreements would also be signed and we would receive copies of same. 25X1

~~ACTION ITEMS~~

I then advised Mr. Tipton that several of our people involved in the investigation were going on leave shortly. He stated that would be no problem; they are willing to wait till 7 September.
